Hųųhe Pįį Hųųhe Wiira Flash card activities

Cut on the dotted lines. Laminating small cards will make them last longer. Different ways to use the flashcards.

- 1. Cut out and lay face up. Children match the picture card with the word.
Younger children start with a few cards, 6 or 8.**
- 2. If you have the Goodnight Moon book, have children match the picture flashcards on the pages.**
- 3. More challenging – Lay face down and have children match picture with the word cards.**
